RE: Clinton Mine
Pleasant View Mine
ACT/049/006

Dear Mr. Hirschfeld,

It has come to my attention, in reviewing our files on Interpace Clinton and Pleasant View Mines, that all the information and data provided in the application is marked as confidential. I feel I must inform you that this is not possible. The Mined Land Reclamation Act, section 40-8-13(2), states that only information "...relating to the location, size, or nature of the deposit, and marked confidential by the operator, shall be protected as confidential information by the Board and the Division...".

The Division has elected to hold only the quadrangle, general detail, and aerial maps as confidential. It is hoped that this is acceptable to you. If not, please let me know and we will work out some compromise.

Sincerely,

Thomas J. Suchoski
